# Modern expense management for educators.

A unified suite of corporate cards, expense management, and accounts payable automation for educational organizations.

Trusted by: KIPP · Concordia · Kumon · Dream Charter · Dunn School · Kettering

## Smarter spending. Smarter learning.

Ramp gives educational institutions clear visibility into departmental budgets, grant allocations, and event expenses — reducing hours of manual reconciliation work across your finance team.

1

### Enforce policies without hassle

Issue cards with granular, pre-configured controls. Block unapproved vendors, categories, and limits. Send automatic alerts and lock cards when needed.

2

### Streamline expense management

Employees submit receipts by photo in under 25 seconds. Auto memo suggestions and SMS collection eliminate manual data entry and personal credit risk.

3

### Automate accounts payable

Invoice scanning with 99% accuracy. Configure multi-level approval workflows and schedule recurring payments for suppliers, vendors, and contractors.

4

### Integrate with your existing tools

Real-time sync with Blackbaud, Workday, and NetSuite. Custom mappings for departments, funding sources, and program IDs accelerate month-end close.

companies trust Ramp

*"Before Ramp we had an employee with 100+ missing receipts, it took so much time to reconcile and nearly shattered the relationship. With Ramp it's all automated, no more being the bad-guy."*

### Michael Stimpfel

Chief Financial Officer, KIPP: North Carolina Public Schools
